IUCLID 5 Training Courses

IUCLID 5* training courses are offered in cooperation with our business partner Sopheon Business Applications GmbH. Our professional IUCLID 5 workshops were designed as a perfect training for your daily work with IUCLID 5 and provide you with:

- detailed advices including the installation
- all important end user applications
- step-by-step instructions for the dossier preparation

All our trainings can be customised and personalised.

You will benefit from our experts experience gained during preparation of registration dossiers.

REACH ChemConsult GmbH offers you two different kinds of IUCLID 5 training courses:

- **(A) At the training location** in Darmstadt or Dresden: focussed at the instruction of just one or two employees of a company.

- **(B) In-house training:** If more than two employees are interested, in-house trainings are available on request. Our instructors will come to your place. This saves you a lot of money and time!
