IUCLID 5 Training Courses

IUCLID 5* interactive training courses are offered in cooperation with Sopheon Business Applications GmbH. Our professional training courses are designed to give you a comprehensive understanding how to use IUCLID5 in your daily work processes correctly, allowing you and your team to compile REACH registration dossiers with confidence. The course includes:

- detailed advices on the effective use of IUCLID5
- complete end user applications
- step-by-step instructions to prepare dossiers in SIEFs

All our training courses can also be tailor-made to your specific requirements. **You will benefit from our expert experience gained during the preparation and successful submission of registration dossiers.**

REACH ChemConsult GmbH offers you two different kinds of training courses:

- **(A) At the training location** in Frankfurt (Main), Germany: focussed at the instruction of one or two employees of a company.
- **(B) In-house training:** If you prefer training tailor-made to your requirements we recommend in-house training. Our team will come to your office.
